YOUR FURBABIES FOREVER. WITH A HINT OF MAGIC ✨

GET READY TO THINK SPRING!

*Let's create some magical, colorful
portraits of your pet for you.*

Step 1: RELAX!

In staying true to my philosophy of creating a fun and relaxing session for both you and your pet, the first thing to do is BREATHE. If you're stressed, your dog will be stressed. Don't worry about how your pup(s) are going to (or not going to!) behave. We've got this. Your dog doesn't need to know any fancy tricks or hold an hour long "stay." They just need to be themselves. And same goes for you!

We'll treat your session like a walk in the park with a few pit stops for portraits along the way. So let your dog be a dog and enjoy themselves.

STEP 2: Bring the goods!

Bring the essentials: TREATS and TOYS, especially if that's what your dog loves. If they're more into praise, then bring some love for them ❤️

If you'd like to be in some photos (which I *highly* encourage) think about what you'd like to wear but I'd suggest you wear something you don't mind getting a little dirty, in case the ground is soggy.

STEP 3: Have fun!

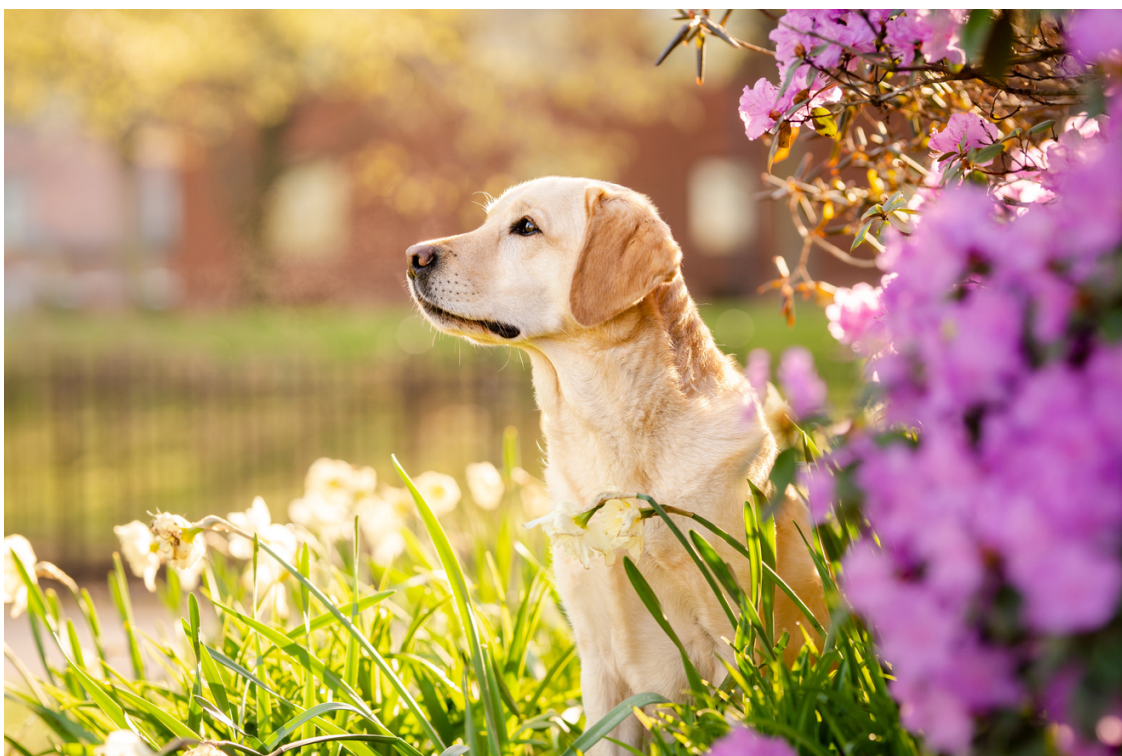

And I should add - be safe. Dogs will always be on leash for their session. Leashes can be removed fairly easily in post-processing. Flat buckle collars work best for photos. Harnesses, head halters, prong collars, ecollars, etc. are tricky to edit out and can be distracting in photos. So as long as it's safe, have your pup in a regular collar and a leash or long line.

Mini sessions are scheduled for 30-minute increments, so we will aim for as much variety as we can get in that 30 minutes. We'll choose a few spots, depending on the light, the condition of the flowers, and how crowded the area is with other people and dogs.

What to expect after your session:

- HAPPY, TIRED PUPS!
- A SNEAK PEEK ON SOCIAL MEDIA
- PERSONALIZED ONLINE GALLERY OF EDITED AND RETOUCHEDED IMAGES WITHIN 6 WEEKS OF YOUR SESSION
- OPPORTUNITY TO PURCHASE ADDITIONAL IMAGES AND/OR PRINTS
- CONTINUED SUPPORT AND SEASONAL PRODUCT DISCOUNTS/SALES

Got Questions? I've got answers!

Thank you so, so much for booking your pet's portraits with me. I'm so looking forward to making this a great experience for everyone involved. Please reach out with any additional questions! Otherwise, I'll see you at your session!
